A Message from CEO

I prompt the management strategy that is based on confidence in the future. We will achieve profit diversification and industrial establishments that enable sustainable development and reinforce our enterprise's resources.

ABOUT OUR COMPANY

SIRAJ AL-TATWEER is one of the dynamically developing prototypical enterprises that shows remarkable commercial and industrial capacities various business sectors within Iraq.

Since its Establishment in 2014, SIRAJ AL-TATWEER has been involved in several demandable sectors like Transportation & Logistics, Warehousing & Distribution, General Trading, Global Sourcing & Supply Chain of several vital goods including Petrochemicals, Oil and Gas. Recently, these services have immensely been needed, especially in Iraq, which is currently experiencing an enormous developmental era.

“YOUR
SUCCESS
IS OUR
PRIORITY”

Why SIRAJ AL-TATWEER

SIRAJ AL-TATWEER has been contracting and cooperating with many superior providers who are accredited and well known in all of our scopes. Therefore, we can pompously acknowledge that we're able to satisfy a widespread range of clients and consumers in several aspects; consequently promoting the Iraqi market and contributing to its growth. We're collaborating with numerous worldwide companies and got accredited by outstanding global platforms specialized in the above-mentioned areas. Therefore, our genuine expertise and absolute reliability enabled us to satisfy our diversified customers, predominate the Iraqi business market and contribute to its development.

Our Mission

Our mission aims to offer outstanding customer service, so as to sustain a maximum value to our stakeholders. Moreover, SIRAJ AL-TATWEER has always encouraged a healthy and professional work environment so as to end up with exceptional results that would please our customers, in which his satisfaction is considered as our significant value.

Our Vision, Objectives and Company Policies

Our major beliefs are to enhance the administrative core principles and sustain our prosperity. We believe that growth can be accomplished throughout investing in advancement and progression plans. In order to fulfill our abovementioned mission and implement our prospective vision, we have to commit to some significant objectives and policies like:

- Improving and implementing quality management system ISO9001
- Motivating Employees to serve our clients and seek for optimal solutions
- Maintain prosperous and term relationship with our clients
- Provide the best services which are strictly in compliance with valid rules and regulations.

Services

SIRAJ AL-TATWEER is a leading firm in logistics management facilities, like freight forwarding in international and domestic transportation, Warehousing and Fulfillment, Project Cargo, and Total Supply Chain Solutions that span your entire business.

● CATERING

We can serve and prepare a variety of local and international foods, which are prepared by the most skilled local and international chefs and the work team to provide a high-level service to our customers.

We can also prepare a variety of items and various food options to meet and suit all your needs, including our ability to prepare food for more than 1,000 people.

Our highly trained and experienced chefs are always keen to provide for all customers' nutrient diversification (diet) needs with complete transparency and flexibility.

HOUSEKEEPING SERVICES: A clean place is one of the ways our company makes it clear to its clients that we care about the comfort of their staff. Our services to our clients also include housekeeping programs and cleaning procedures to ensure comfort and satisfaction of our clients. Over the past years, we have developed and refined our core and distinct skills by providing living support services for companies operating in Iraq in harsh, remote locations.

LAUNDRY SERVICES: One of our company's priorities is to take care of and maintain the cleanliness and elegance of everyone. One of our policies is to take into account the separation between work clothes and personal clothes separately, taking into account washing the clothes of all workers individually and using the most delicate detergents necessary for this work

The preliminary care services that we provide either separately or as a turnkey package are:

- 1- Catering Services and Catering-Related Consultancy
- 2- Housekeeping and Janitor Services
- 3- Professional Laundry and Dry-Cleaning Services

Catering services and catering-related consultancy

We can serve and prepare various local and international foods prepared by the most skilled local and international chefs and the work team to provide a high-level service to our customers. We can also conceive of a variety of items and various food options to meet and suit all your needs, including our ability to prepare food for more than 1,000 people. In addition, our highly trained and experienced chefs are always keen to provide all customers' nutrient diversification (diet) needs, with complete transparency and flexibility.

Catering services can be broadly categorized based on their social and economic significance:

- 1- Welfare or Non-commercial Hotels
- 2- Commercial Catering Services

Commercial Services:

Hotels and catering services support the tourist, travel, and holiday industries. It is a primary foreign exchange earner since this industry brings money into the country for its services. Furthermore, hoteliers and caterers indirectly contribute to advancing understanding between different countries through the tourism industry . Our company is passionate about providing a flexible and customized service where every customer is treated equally, no matter the value of the contract, and we ensure that every contract is maintained at a consistent level of quality by doing one-off spot checks, scheduled visits, or tested process and methods delivered by our skilled employees.

Non-Commercial Services:

The primary purpose of these services is to ensure that people are well and adequately fed. Examples of such catering services are providing people at workplaces, in the armed forces, in schools, in supplementary feeding programs implemented by the government, or for sick people in hospitals.

Industrial catering is also considered one form of welfare catering. Many industries provide meals to their employees as part of their welfare activities. It is believed that work output is related to the welfare of the employees. Well-fed workers produce more and better work.

Housekeeping and janitor services

Our areas of expertise include Industrial, Commercial, Corporate Office, Hospital, and Residential Cleaning. We aim to provide quality service to our customers as we believe that a clean and healthy environment benefits one's physical and mental health. We specialize in offering a tailor-made, thorough cleaning service for your business. Our personnel is the most experienced professionals in the industry, and our proven methods provide daily healthy and safe work environments for our clients. Our services in this scope include comprehensive housekeeping, cleaning, and sanitization of malls, offices, buildings, hospitals, banks, educational campuses, airports, post-construction cleaning, and waste management.

Professional Laundry and Dry-Cleaning Services

We have recently realized the high demand for laundry services in most residential areas; we came to offer a high-quality cleaning focused on giving our customers a delightful service.

Our services range from everyday work attire to rug and curtain cleaning. With our Dry-Cleaning Technology, your silk scarf and wool sweater are in good hands. Dry Cleaning Ready We are committed to combining professional fabric treatment and meticulous care in our service.

● Manpower

We attract, inspire, and retain self-motivated and determined human resources across all areas of our business.

We are dedicated to offering competitive, performance-driven compensation, benefits, training, and opportunities for personal growth, emphasizing equal career opportunities and merit-based advancement.

We expect our staff to exhibit integrity, respect, transparency, support for colleagues, and a commitment to the highest standards of achievement.

We value innovation, employee engagement, operational dynamism, organizational flexibility, and personal ambition.

We acknowledge and appreciate the advantages of diversity in people, ideas, cultures, and disciplines.

We provide continuous staff development through workshops, personalized training, and regular seminars.

Our company stands at the forefront of staffing solutions, dedicated to finding the perfect candidates for your organization. We deliver exceptional manpower across various industries, ensuring that all your staffing and recruitment needs are met with the highest efficiency. You can rely on us for effective personnel management and comprehensive HR services, all tailored for optimal results and meticulous care.

● Basic Services

● Logistics, Warehousing & Supply Chain Management

Our success in Logistics & Supply Chain Management lies in its commitment to understanding what is required in all business areas like purchase order management & cargo tracking, supplying job sites with livelihood needs like furniture, kitchenette, and sanitary facilities, Project's goods, packing, crating, and consolidation, cargo supervision during transit, loading, and unloading, customs and shipping documentation and cargo surveying. Petrochemicals Trading Siraj Al Tatweer has recently been dedicated to sustainable growth focused on global physical trade and distribution of petrochemical products like: Ferric Chloride, Caustic Soda, Spotting fluid, Defamer, Citric Acid, Soda Ash, Sodium Bicarbonate, Calcium Chloride, Xanthan Gum, and others.

Administering intricate logistics and general supply approaches for significant projects requires cultivated and competent personnel to examine and investigate all possibilities, survey, organize potential limitations and restrictions, and finally react to unusual circumstances with immediate and definitive actions. Hence, we have been leading the supply market from all aspects– like sourcing of quality products, procurement, logistics, inventory and production liaisons with reputed manufacturers, distributors, and suppliers around the globe. Our strategy is to analyze project logistics into essential elements and assign direct surveillance and supervision over each

Our comprehensive understanding of developing dynamics within the global petrochemicals market allows us to handle risk effectively and optimize value in commercial dealings. We do this by working with our producer partners to maximize their plant capabilities while offering our customers the opportunity to buy from a balanced raw materials product slate at competitive terms with optimum availability and efficiency.

Some of the scope of supply category includes:

- | | |
|----------------------------------|--------------------------------|

● Logistics, Warehousing

SIRAJ AL-TATWEER COMPANY manages end-to-end supply chain operations that include improving the efficiency of material movement and optimum utilization of resources through a team of experts. Our flexible working model enables us to extend our services to organizations that outsource a part or whole of the supply chain management to deliver Efficient, Transparent, and Accurate operations.

● Freight Services

Siraj Al Tatweer's freight and trading service is the area that links all nodes. We deliver shipments right away to the delivery station, which then is produced instantly to customers.

Our teams have expanded over the last few years, so they constantly work to sustain our primary mission and are very excited to cultivate this business scope. Our Road Freight Services include transporting heavyweight projects' cargo & hazardous goods while ensuring adherence to global safety standards, Load Units assemblage & positioning, and removal and relocation services.

● Heavy Equipment Rental

Siraj Al Tatweer leases heavy equipment and machinery can be costly and challenging and require much hassle. Hence, we decided to provide solutions to industries like construction, oil, and gas due to their continuous heavy equipment demand.

We understand the costs involved in this competitive market, making it challenging for the contractors to buy machinery. Therefore, we offer a wide range of heavy machinery tools to hire across Iraq available at reasonable prices.

With a wide range of heavy equipment rental in our inventory - including 18 heavy vehicles and cranes and ambulances authorized by the Ministry of Health- we ensure that we provide the newest and latest machinery to our clients with trustworthiness and optimal execution.

SIRAJ AL-TATWEER COMPANY has become one of the prominent companies, especially in oil and gas operations of many well-known oil fields in Iraq, because we possess heavy-duty vehicles with massive capacities to carry out substantial transportation projects from moving camps until a full site mobilization.

Moreover, our team of trained engineers and professionals can assist and guide you in selecting the equipment best suited to your needs, same as what had been done with our valuable clients who got satisfied out of our professional personnel like Daqing (Iraq - Basra - Rumaila), Kerui Oilfield DMCC (Iraq - Basra).

● Light Equipment Rental

It's worth mentioning that our light vehicles are equipped with all Safety requirements according to the international standards of HSEQ and all our vehicles' devices such as (GPRS, Fire Extinguishers, First Aid Kits, company emergency cards, etc.). Furthermore, our fleet is also all equipped with IVMS systems devices which allow us to follow up with our drivers all the time.

- Tankers – Trailers – Vacuums:

Our fleet has grown to over 100 state-of-the-art tankers with enormous capacities, and it will continue to expand to cater for the needs of a variety of market sectors, including but not limited to:

- oChemicals
- oPetroleum
- oFresh water
- oFuels of all kinds
- oSludge
- oWastewater

● Lifting

Our large fleet of cranes (boom trucks, truck cranes, and all-terrain cranes) is available on short notice to be delivered to the operation fields. We have strong market coverage, and our experienced team of operators and riggers will ensure that equipment is quickly mobilized and ready to lift, minimizing travel and setup time.

For your larger & heavier lifting needs, our fleet of heavy-lift cranes is unmatched all-around Iraq. In addition, our fleet of large crawler, all-terrain, and rough terrain cranes are ready to tackle your most significant and most complex projects.

Our lifting equipment includes but are not limited to:

- Mobile Cranes (ranging from 8 to 660 tons)
- Tower Cranes
- Crane Mounted Boom Trucks
- Forklifts (all sorts)
- Aerial platforms and cherry pickers
- JCB Backhoe
- Sprinkler Truck
- Boom Truck
- Tractor
- Dump Truck
- Low Bed Semi-Trailer
- Side boom (Pipe layer)

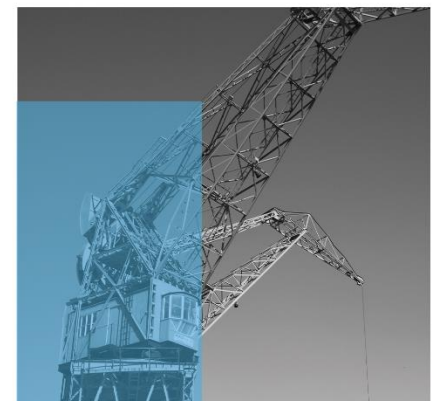

Our extensive fleet provides the right equipment for your job. We prioritize safety and compliance with regulations. However, you are responsible for planning the lift, personnel, equipment, and crane supervision. Insurance coverage is required, and a knowledgeable person will oversee the lifting operation. We offer additional services like machinery removal, supply of personnel, and equipment hire. Contact us to discuss your requirements.

● Rig Move Service

Our specialized rig move service offers a comprehensive solution for disassembling, assembling, and relocating drilling and maintenance equipment. We handle auxiliary equipment, worker camps, drilling tools, and heavy loads with unwavering commitment to safety, quality, and ethics. With our expertise, we can efficiently transport equipment to challenging locations while maintaining efficiency. Our professional team is trained, certified, and experienced in all aspects of equipment disassembly, transportation, and installation. Rest assured, we consider delivering the highest levels of quality in all rig move operations to be of utmost importance to us.

To ensure that we will get the best quality in our activities during the move, we prepare and provide the following documents:

- 1-Road Survey
- 2-Rig move plan
- 3-Flagging procedure
- 4-Emergency Plan
- 5-Lifting plans
- 6-Job Safety Analysis (JSA)
- 7-Security plan

● Sustainability

A sustainable company is one in which environmental concern and social responsibility are balanced with profitability.

In other words, it involves conforming to business activities without influencing the environment, society, and economy. Business sustainability is achieved when a corporation has minimal to zero influence on the international and regional environmental conditions, economy, or community. Accordingly, our company has insisted on following the global sustainable patterns since it will mutually benefit everyone.

SIRAJ AL-TATWEER COMPANY is one of the few corporations aiming to achieve sustainability throughout its departments and operations. Our work adheres to the better Standards that minimize pollution through organic practices. Thus, we have planned for a program that develops a sustainable business strategy. It provides all business processes from sourcing to supply chain to production to follow the set goals. That includes community interaction energy, water usage, and other sustainability ideas. Our primary purpose is to double the business's size by investing in water conservation, reducing waste and air emissions, and lowering the environmental impacts to half. Hence, we keep water, land, and air clean.

The Benefits of Business Sustainability

- Productivity enhancement and cost reductions
- Waste and greenhouse gas emissions reductions.
- Adequate impression on the enterprise.
- Confirms the continuance of the enterprise & attracting more customers, employees, and investors.
